VISUAL ARTS

Paint a bright future with a qualification that harnesses and showcases your creative talent. Become a professional artist or photographer.

63

TAFE AT SCHOOL STUDY OPTIONS

GET STARTED AT TAFE QUEENSLAND

TAFE Queensland is the largest and most experienced provider of vocational education and training in the state. It's a big statement, but one that's backed by research and confirms our impressive track record. We've been in the business of training for more than 130 years and have trained more than seven million people. At last count, we had more students than all the Queensland universities combined.

TAFE Queensland's award-winning teachers, purpose-built facilities and strong industry partnerships will help you get the real-world skills that you need to achieve your future career or study goals. We have more than 400 practical, nationally-recognised qualifications for you to choose from, and hundreds of university pathways to take you even further.

GET A HEAD START WITH A TAFE AT SCHOOL COURSE

Year 11 and 12 students can choose to study from more than 50 exciting and varied certificate level vocational education and training (VET) courses. Best of all, a TAFE at School certificate can be achieved in conjunction with your senior studies and counts towards your Queensland Certificate of Education (QCE).

TAFE AT SCHOOL IS A GREAT WAY TO:

- get a qualification while still at school
- gain direct entry into our diploma courses
- gain valuable credits towards your QCE
- gain credits towards an apprenticeship, diploma course or university
- make you work ready
- build practical skills in an adult learning environment
- learn from professionals, bursting with current industry knowledge.

FLEXIBLE STUDY OPTIONS

TAFE Queensland offers flexible study options so you can gain a vocational qualification while you're still at school in a way that best suits you.

TRAIN AT TAFE QUEENSLAND

TAFE Queensland offers some of the best training facilities in the state, with advanced, industry-relevant workspaces and classrooms. All training is delivered in an adult learning environment so you'll get a taste of what it's like to study in a higher education setting. You'll learn from our highly-qualified teachers and benefit from their vast experience.

TRAIN AT SCHOOL

Many Queensland schools have partnered with TAFE Queensland to deliver vocational qualifications. School teachers are given specific training so they are qualified to deliver TAFE Queensland courses. Even if you undertake your training at school, you will still receive a TAFE Queensland certificate when you complete your course.

SCHOOL BASED APPRENTICESHIP OR TRAINEESHIP

TAFE Queensland offers both school based apprenticeships and traineeships, which gets you work-ready and a step ahead of your peers.

Becoming a school-based apprentice or trainee gives you skills in a vocation or trade and allows you to earn money while you're still at school. A school-based apprenticeship or traineeship also contributes credits towards your Queensland Certificate of Education (QCE).

Apprentices are trained in a skilled trade, such as Plumbing or Electrical, and upon successful completion will become a qualified tradesperson. Trainees are trained in a vocational area, such as Early Childhood or Business, but the training does not deliver a tradesperson qualification.

After selecting the industry you are interested in and talking with your school and parents, your next step is to secure employment as an apprentice or trainee. An employer can be found through family and friends, by directly contacting employers and group training organisations, or by applying for advertised jobs.

Once you have secured an apprenticeship or traineeship, just let your employer know you want to study with us.

School-based apprentices and trainees do not pay fees for training at TAFE Queensland; however, you may need to pay some costs for tools and compulsory protective equipment, which we will outline upon enrolment. When you become a full-time apprentice or trainee after completing Year 12, you may be eligible for fee free training for the remainder of your apprenticeship.

For more information about school-based apprenticeships or traineeships call 1800 210 210 or visit: www.training.qld.gov.au/apprenticeshipsinfo

WHAT DOES IT COST?

Costs vary from course to course, and these prices are identified throughout this guide. If you are undertaking a Certificate I or II qualification as part of your senior secondary studies you may pay reduced fees or, in some cases, no tuition fees at all. If you choose to study a Certificate III course you will incur fees. Programs identified as government subsidised are funded by the Queensland Government and the Department of Education and Training under the Certificate 3 Guarantee.

The advertised prices in this guide are only applicable if you have not accessed VET subsidised funding in the past. All pricing was correct at the time of print, however prices and details are subject to change without notice. Always check our website for the most up-to-date information available. For further information visit www.training.qld.gov.au/vetis

PAYMENT OPTIONS

Payment plans may be available to students undertaking a course that costs \$500 or more, however, students under 18 will need a guarantor. Applications will be subject to credit checks. For information about our withdrawal and refund policy, please visit the TAFE Queensland website.

STUDENT SUPPORT

At TAFE Queensland we aim to create a supportive and inclusive learning environment to help you achieve your study goals. Your school's student assistance program is responsible for ensuring you receive appropriate levels of support while you are participating in the TAFE environment.

HOW TO APPLY

To submit an application for a TAFE at School Program, visit www.tafeapply.com. You'll need the application code for the TAFE that you wish to apply for. This can be found in the back of this guide, in the list of programs by training centre. To apply, you will also need your USI number. If you don't have one yet, head to www.usi.gov.au to create one.

Once you have submitted your application, an email will be sent to your school's VET Coordinator and your parent/guardian for them to approve your application. Once approved, we will contact you by email to let you know if your application has been successful.

PATHWAY TO YOUR FUTURE

NEXT STEPS

1

ENROL IN A TAFE QUEENSLAND DIPLOMA AFTER HIGH SCHOOL

When you complete your TAFE at School qualification, you can enrol in a TAFE Queensland diploma of your choice.

It's as simple as getting in contact with us and letting us know which course you want to study.

Check out our website to see our full range of courses, from certificates through to diplomas and degrees.

2

BECOME AN APPRENTICESHIP OR TRAINEE

Applying for an apprenticeship is very similar to applying for any other job. You need to have a current resume that lists your education, interests and referees.

Studying a TAFE at School pre-apprenticeship can boost your chances of landing your dream job.

Visit an Apprenticeship Network Provider (ANP) to help connect you with an employer.

Once you have secured your apprenticeship, talk to your employer about choosing TAFE Queensland as your training provider. Your employer will sort out the formalities of your training contract direct with TAFE Queensland.

YOUR GUARANTEED PATHWAY TO UNIVERSITY

When you study a TAFE at School course, you are taking the first step on your path to higher education.

HOW DOES IT WORK?

Once you complete your TAFE at School certificate, you are guaranteed a place in any of TAFE Queensland's diploma courses. When you complete your diploma, you are guaranteed a place in a bachelor degree with the University of Canberra. It's a seamless study experience that offers you the chance to do uni differently.

In many cases, you can enter your university degree straight into second year, meaning you will receive a diploma and a degree in the same amount of time it usually takes to complete a degree on its own.

Many of our diploma courses have formal articulation arrangements with some of Australia's top universities. This means your university gives you credit for your study at TAFE Queensland, shaving time off your degree.

TRADE PATHWAYS

Our trades courses offer the perfect way for you to get the skills you need to secure an apprenticeship or traineeship in your dream career. See page 4 for more information about starting a school-based apprenticeship or traineeship so you can get a head start in your career now.

NOT SURE WHAT TO DO AFTER YEAR 12?

Take the guess work out of identifying your study or career pathway with Discover My Career – powered by Harrison's.

The decision of a career path and the concern of 'getting it wrong' can weigh heavily on our minds. What do I really want to do and how can I achieve my goals? Take the guess work out of these decisions by utilising a tool that evaluates you as an individual and aligns you with careers best suited to your goals.

- The assessment only takes 25 to 30 minutes
- Easy to understand and in 29 languages
- Receive 4 reports for a minimal fee
- Provides a choice of 1,000+ careers (Degrees, Diplomas, Apprenticeships, Traineeships or Certificates)

OUR PARTNERSHIPS

PARTNERSHIP WITH SCHOOLS PROGRAM

TAFE Queensland's Partnership with Schools Program means school teachers can deliver training to their students at their own school. TAFE Queensland provides the school with mentor support, learning and assessment resources, and advice on training delivery and student assessment to ensure the delivery of the highest standard of industry-relevant training.

Even though students are completing their training at school, they are enrolled with TAFE Queensland, and are issued with a TAFE Queensland award on completion of their studies.

To discuss a customised partnership arrangement for your school, please contact the TAFE at School Team.

TRAINING FOR SCHOOL TEACHERS

TAFE Queensland offers low-cost training for school teachers so they can deliver VET programs at their school.

Teachers can train in certificate I and II programs relevant to the delivery of TAFE at School programs, as well as higher level qualifications for teachers who want to broaden their skills.

Teachers with existing trade-related experience may be eligible for Recognition of Prior Learning (RPL) to earn a full or partial qualification, with gap training available.

CONSTRUCTION SAFETY WHITE CARD TRAINING

Students who wish to work or train on a Queensland construction site need to complete a General Safety Induction course and be issued with a White Card before participating in workplace activities.

The White Card course can be completed in half a day, with training delivered at school by TAFE Queensland.

OUR CAMPUSES

OUR LEARNING SPACES

While you study with us, our campuses will be your home away from home. So, we've made sure each location is welcoming, lively and perfect for productive learning. From purpose-built classrooms and studios, to simulated training settings, we have the right environment for you to learn the practical skills you need to be a job-ready graduate.

We regularly collaborate and consult with top industry groups and commercial businesses. As a result, we're able to leverage our relationships with industry and business and provide you with workplace training opportunities, skills workshops, professional development events and business breakfasts. Real world assessments will harness your current knowledge and challenge you to excel.

TAFE QUEENSLAND LOCATIONS

TAFE Queensland campuses are spread over many locations across South East Queensland. We are perfectly placed to help you make the most of everything that Queensland has to offer educationally, socially and geographically.

Turn your biggest passion into a career in the music industry. You will receive training in practical musicianship and performance skills, and an introduction to a range of music technologies.

Study music theory, musical styles and song writing and develop an understanding of the inner workings of the music industry.

You will also gain invaluable copyright knowledge and work closely with the music business students in a variety of performance and other professional opportunities.

CAREER IN THE SPOTLIGHT

“This was the biggest and most helpful stepping stone in my music career. My teachers were industry professionals and eagerly shared their knowledge with me. My success in music has been mind-blowing; I’ve performed at Stereosonic, Summerfielddayze and Creamfields festivals, and in nightclubs.”
