

Oceania College of Technology (RTO: 40995) (CRICOS: 03413K) are currently offering a Certificate II in Automotive Vocational Preparation (AUR20712), under the QLD Governments VET investment plan.

We are currently running a Certificate II program with three other local schools and since starting the course we have had a fantastic attendance rate with the students that are eager to get into the automotive industry.

The Certificate II in Automotive Vocational Preparation (AUR20712) is a great stepping stone for anyone wanting to get a foot in the door into a career in automotive.

Our training facility stands out from the rest, as we have a state of the art fully simulated automotive workshop, where students can carry out practical tasks under the supervision of our highly qualified trainers.

Over the duration of the course students will have covered the following topics:

- Communicating effectively in an automotive workplace
- Solving routine problems in an automotive workplace
- Applying safe working practices
- Applying automotive electrical system fundamentals
- Applying automotive mechanical system fundamentals
- Using and maintaining workplace tools and equipment
- Carrying out soldering of electrical wiring and circuits
- Balancing Wheels and Tyres
- Inspecting and servicing batteries
- Carrying out servicing operations
- Selecting and using bearings, seals, gaskets, sealants and adhesives
- Performing wheel alignments on 3D wheel alignment machine

At the end of the course we can help guide students to employment opportunities in the automotive sector.

For Secondary Students the total cost for the course is ONLY \$120

Should you have any questions please feel free to call Craig Page (National Training Manager) 0402 147 822 or craig.page@oct.edu.au

For any enquires you may have, please feel free to contact the office on the details below.

Kind Regards,

Holly Stephens- Administration Officer
